

Commit to Your Career

The APICS Certified in Production and Inventory Management (CPIM) program is recognized worldwide as the standard in production and inventory control, one of the most critical functions within an organization for reducing costs and achieving a competitive edge.

Through the CPIM preparation and exam process, you will gain knowledge, learn skills and best practices required to execute, control and improve all of the internal operations within the four walls of your company.

INCREASE	your knowledge of production and inventory management
MAXIMIZE ROI	on the systems and technologies within your organization
MASTER	the skills you need to effectively improve internal operations
